To: Building Standards Commission

CALPASC(California Professional Association of Specialty Contractors) is a not-for profit trade association of Trade Contractors and Suppliers in California. We have 500 member companies, representing approximately 75,000 employees.

We agree and fully support the proposed modifications regarding PEX tubing, as issued on July 10, 2008. This includes the modifications issued for all agencies listed: Building Standards Commission(BSC) Division of the State Architect-Structural Safety(DSA-SS) Office of Statewide Health Planning and Development(OSHPD) Housing and Community Development(HCD)

We believe that PEX tubing should be a clear option for use in any jurisdiction in California.

Sincerely,

Bruce Wick, CALPASC Director of Risk Management 1150 Brookside Ave., Ste. Q Redlands, CA 92373 909-793-9932 bwick@calpasc.org
